On March 4, 2011, the Rural Utilities Service (RUS) announced the potential availability of \$25 million in funding for the Community Connect Grant Program. This notice is being issued prior to passage of a final Appropriations Act for FY 2011, to allow potential applicants time to submit proposals and to give the Agency time to process applications within the current fiscal year. You may submit completed applications for grants on paper or electronically no later than May 3, 2011 (see Notice for details on filing applications at http://www.rurdev.usda.gov/utp_commconnect.html).

The webinar will focus on the application process with time for questions and answers.
