ARC Instrumental Jazz Program

American River College offers students a unique opportunity to enjoy intense study of the jazz idiom with an A.A. Degree in Jazz Studies. ARC is very fortunate to have such a program. Only a handful of two-year institutions offer jazz studies degrees in the nation. Our goal as faculty is to prepare students for the completion of the degree, assisting them in successful transfer to a four-year institution.

Latin Jazz Ensemble T, Th. 12:00-1:20 pm

The ARC Latin Jazz Ensemble performs various styles of the Latin Jazz/Afro-Cuban idiom. The ensemble performs regularly on campus and for the general public.

Studio Jazz Ensemble T, Th. 1:30-2:50 pm

The Studio Jazz Ensemble focuses on a variety of styles in jazz. Along with their regular concerts at American River College, the ensemble has performed at the Reno Jazz Festival and CSU East Bay Jazz Festival. Recent guest artists have included saxophonists Jim Snidero, Ingrid Jensen and Charles McPherson.

Chamber Jazz Ensemble T, Th. 3-4:20 pm

Chamber Jazz Ensemble explores the art of jazz combo performance and improvisation at all levels of ability. Combos perform on a regular basis on campus and for private functions.

"Ellington's music is no slam dunk to perform...both ARC ensembles showed they were more than able to sell Ellington's tasty goods."
