

CALIFORNIA NATIVE PLANT SOCIETY  
NORTH COAST CHAPTER  
*presents our February program:*

---

## *A River Rehabilitation Project on the Trinity*

—Wednesday February 13, 2013—

---

Making a river functional involves the vegetation growing along it. Riparian botanist and ecologist **John Bair** will describe a ten-year effort to rehabilitate a section of the

Trinity River--why it needed it, what they did, and what resulted. John will share some of what he has learned about cottonwoods and willows, his special interests.

***Join Us!***

**Program 7:30 - 8:30 p.m.**

*at the Arcata Masonic Lodge, 251 Bayside Road (near 7<sup>th</sup> & Union)*

Refreshments served at 7:00 prior to the program
