

Stop Trump's Water Plan

Take Action for the Trinity and Sacramento Rivers!

January 23, 1pm

650 Capitol Mall Sacramento, CA

A new plan from the Bureau of Reclamation aims to Maximize Water Deliveries to corporate farms in the Central Valley. This plan may include water to fill up the Sites Reservoir and Twin Tunnels. Last year salmon runs in the Klamath and Sacramento Rivers hit record lows leading to poor fishing seasons and lack of food for Native People. Now Trump wants more water. Written comments are due Feb. 1
